

# ROAD RAIL PLANT OPERATOR (TMO)

## Course Description:

This nationally accredited course is designed to provide hands-on's training to drivers and operators of:

- Hi-rail plant and equipment
- Road/rail vehicles (4-wheel drives & trucks)

Participants will learn the requirements, rules and procedures applicable when performing tasks during a *work on track authority (LPA/TWA/TOA)*.

**Duration:** One day

**Price:** \$550 incl of GST  
**Recertification** - \$350 incl of GST

**Location:** Chullora, followed by a short drive to Chullora siding's yard to undertake the practical assessment. Can be provided onsite at clients premises, provided **all** assessment requirements are met.

**Vehicle:** SCCRT can provide a **manual** road-rail vehicle for training purposes or you can provide your own.

**Assessment:** Participants must pass a Written and Practical assessment to be deemed competent.

**Recertification:** Recertification is every 5 years and consists of a half day theory course before card expiry date with a current medical.

**Dress Code:** Full rail (orange hi-vis) PPE is required on the day of training.

## Requirements:

- Current RIW Card
- Category One (1) Medical
- Current Driver's License for the type of vehicle you will be driving.
- Competency or ticket for the plant item you will be operating.

## On successful completion:

Upon successful completion, the participant will receive a *Statement of Attainment* recognising the following competencies:

- **TLIC3045 Operate road/rail vehicle**
- **TLIC2054 Access rail track to run track vehicle within a defined worksite**
